### Wellness Tip of the Week

As school comes to an end it's time to be thinking of all the fun activities you can do this summer. Here are a few ideas to make the most of your summer:

Consider starting a garden. It's a great way to get your family involved in a project together. Gardening is a great way to get a little exercise while saving money at the grocery store by growing some of your own veggies and herbs.

Plan a weekly bike ride. Ride somewhere that you have not been before. Take pictures of your favorite places that you visited.

Learn to swim by taking lessons at one of your local pools. Swimming is a great lifelong fitness activity. Pick 5 different places you would like to swim at this summer.

Have you ever kayaked or canoed before? Maybe this summer is your time to give it a try!

Just think of all the possibilities this summer..... and remember to be safe, wear your sunscreen and have a physically active summer!

### PATS Center Information

Parents, please remember to pick up your child's medicine on or before the last day of school, June 4<sup>th</sup>. This is a half day so you may want to come early so you do not have to wait. All prescription and OTC medication will be destroyed at the end of the day if not picked up. Also, please remember that you will need a new authorization form at the beginning of every school year. They do not carry over from one year to the next. Thank-you and we hope you have a safe and healthy summer.
